EXPERIENCE

Jan 2022 - Present

PatientZero Pty Ltd

As a Developer, I am part of a cross-functional Scrum team that delivers working software to clients, assisting them in solving real business problems. At Patient Zero, we employ our Way of Working, which was created through research of best practices and hard-won experience in application development, enabling us to successfully deliver hundreds of functional applications to our customers.

Aug 2021 - Jan 2022

Insure Bot Pty Ltd

As a Developer, I work in a cross-functional team to develop an automation project called "Insure Bot." This project aims to obtain quotes from multiple insurers and provide brokers with those quotes, including quotes for motorcycle insurance and landlord insurance.

PERSONAL ATTRIBUTES

- Developed strong communication skills, both written and spoken.
- Ability to work in a team of five to eight developers. Having a strong team spirit and ability to work autonomously, when required.
- Able to acquire new skills quickly in order to catch up with the project if required.
- Willing to learn to sharpen personal skills to support the firm.
